SHARDA UNIVERSITY

## Message from the Vice-Chancellor

It is my immense pleasure to welcome all the first year students to the Sharda University. Vision of Sharda University is to transform students through Outcome-Based Education, driven by research, innovations, modern tools and high end placements. Sharda University had adopted National Education Policy for the holistic development of students and society together.

Sharda University is committed towards academic excellence to provide high-quality education with the help of highly qualified, experienced and focused teaching faculty members. Sharda University adopts modern ICT tools and state-of-the-art infrastructure for imparting quality classroom and laboratory exposure. I wish you all a successful and meaningful period during your education with the Department of Computer Science & Engineering, School of Engineering & Technology, Sharda University.

**Prof. (Dr.) Shibaram Khara**

Vice-Chancellor, Sharda University

## **Message from the Dean Academics & Dean of School of Engineering and Technology**

The goal of school, guided by the Sharda University vision, is to provide transformational education that produces a skilled workforce of professionals including researchers and innovators of tomorrow with intellectual and technological resources. Our commitment and dedication is to focus on experiential, cooperative and project-based learning that allows our students to continue to adopt, grow and succeed in solving real-world problems. The school provides funding to innovative ideas of the students to develop, products, patents and startups. The school is collaborated with IIA, IEA, Greater Noida Authority and other Industries to ensure benchmarking of programs and activities. The school thrives to establish a partnership with industries, government organizations, & academia and become a collaborative community of faculties, students, staff and alumni to fulfil societal needs with professional ethics. The philosophy of the school is:

**"By the Students, For the Students, and With the Students"**

**Prof. (Dr.) Parma Nand**

Dean Academics & Dean SET, Sharda University

## **Message from the Head Of Department, Computer Science and Engineering, SET**

Computer Science & Engineering is one of the most vibrant department of Sharda University with varieties of specialized programs in Artificial Intelligence & Machine Learning, Cyber Security, Internet of Things, Data Science and Business Intelligence. To have holistic development of students of distinct programs of computer science and to grow the innovative culture among the students, Students Activity Clubs are functional. These clubs are headed by the team of students and they are performing in different dimensions of technology under the guidance of specialized faculty members. Several national and international students are contributing to develop themselves and other peers to excel among the multidisciplinary aspects. The club activities strengthens placements, startups, national/international competitions and research outcomes. We are proud to have high aimed and energetic students club performing exceptionally well since last three years.

**"Best Wishes to All my Dear Students! "**

**Prof. (Dr.) Nitin Rakesh**

HOD, Dept. of CSE, SET, Sharda University

## **Message from the Faculty Coordinator, Technova - Technical Society, SET**

The philosophy of the Technical Society has always been to encourage overall development of students. Our aim is to create an environment of collaborative growth, which as a result will lead to mutually uplifting of the community. Each vertical of club under the Technical society(Technova) organizes various events and extra-curricular activities throughout the year, through these Technical Club's events we strive to bring forth the latent potential and abilities of all of our students. The objective of the students club is to sensitize the technological updating, by enabling the students to participate in various activities like, codathon, hackathons, peer-to-peer, entrepreneurial activities, programming challenges, app development, certifications, industrial challenges and many other activities. The student's club strengthens the presentation, verbal and communication skills, leadership qualities and confidence. We believe in:

**"Nurturing Technical & Interpersonal Skills"**

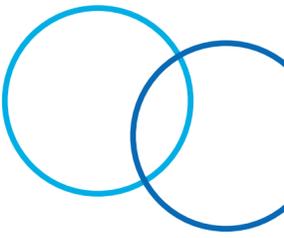

**Ms. Rani Astya**

Asst. Professor, Dept. of CSE, SET, Sharda University

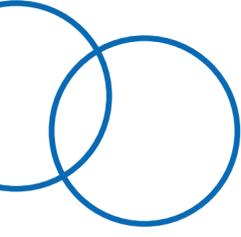

# Vision of the University

To serve the society by being a global University of higher learning in pursuit of academic excellence, innovation and nurturing entrepreneurship.

# Mission of the University

- Transformative educational experience.
  - Enrichment by educational initiative that encourages global outlook.
  - Develop research, support innovations and entrepreneurship.
  - Seeking beyond boundaries
- 
- 
- 

# Vision of the CSE Department

To be recognized as the fountainhead of excellence in technical knowledge and research in computer science and engineering to attract students and scholars across the globe.

## Mission of the CSE Department

- To strengthen core competency of students to be successful, ethical, effective problem solver in Computer Science & Engineering through analytical learning.
- To promote interdisciplinary research & innovation-based activities in emerging areas of technology globally.
- To facilitate and foster the industry-academia collaboration to enhance entrepreneurship skills and acquaintance with corporate culture.

# TECHNOVA

## SET TECHNICAL SOCIETY

### About Technova

A Society that encourages students to imbibe their classroom learnings into solving real-world problems through utilization of their technical knowledge and innovations. We believe that the dynamism of scholastic life pours out of the study halls. It is credit to the scholarly focal point of the enthusiastic students that different clubs of TECHNOVA - SET Technical Society are augmentations of their academic and career aspirations, which provides a forum for interaction among themselves and the rest of the world, however varied, it might be formal or casual, it draws out the zeal in young people and foster their authoritative abilities. The Technical Society inculcates a decent equilibrium of work, fun and leisure activities and ensures the all-round development of students.

# Vision of Technova

The Technical Society aims to become a front-runner in preparing graduates to be efficient problem solvers, researchers, innovators and entrepreneurs, and making them competent professionals by enabling them to take up any kind of challenges in the Information Technology industry or research organizations they serve.

# Mission of Technova

We tend to elevate the technical skillset of the students and get updated with the current trend of the industry standards, by conducting industry-institute interactions, technical sessions on different domains and propelling students to pursue their technical passion. With support from our alumni students' network, we strive to excel in this all-time mission of the technical society.

# TECHNICAL CLUB EVENTS

The Technical Clubs of Technova have organized various events with the support of Technova and under the guidance of respective Faculty Coordinators. Few of these events are listed below.

All these events were organized successfully and has produced good outcomes. Students learnt many things and has simultaneously enjoyed various sessions.

Many students got the opportunity to deliver sessions on various topics as well.

# ORIENTATION PROGRAM

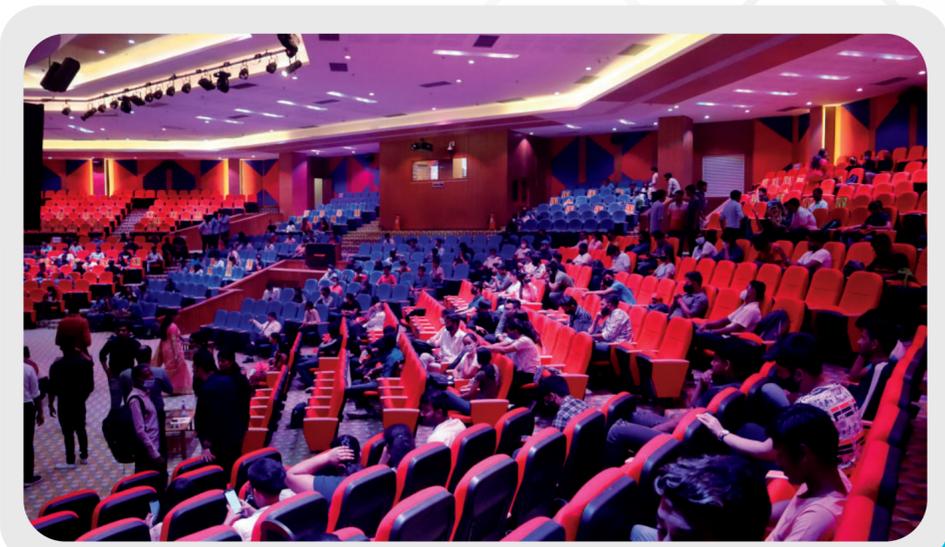

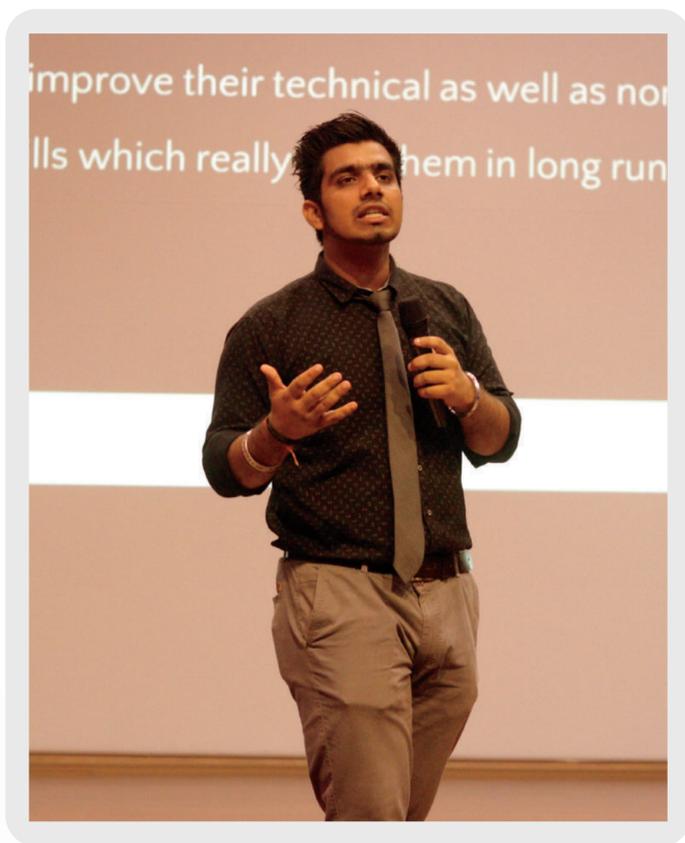

**March 19, 2021**

Department of Computer Science & Engineering, School of Engineering and Technology (SET) has organized a "Orientation" Program for all the First year students." on 19th March 2021. The sole purpose of the event was to introduce the students to the computer science department and familiarize students with the Technova (Technical Society of Computer Science Department) and its various clubs.

# ORIENTATION PROGRAM

The event was conducted successfully and students were feeling happy and excited for being a part of Technical Society of the University.

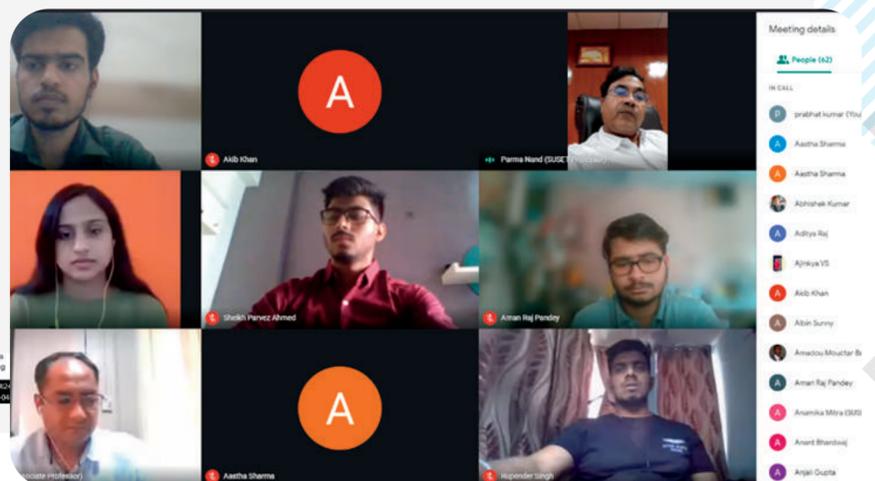

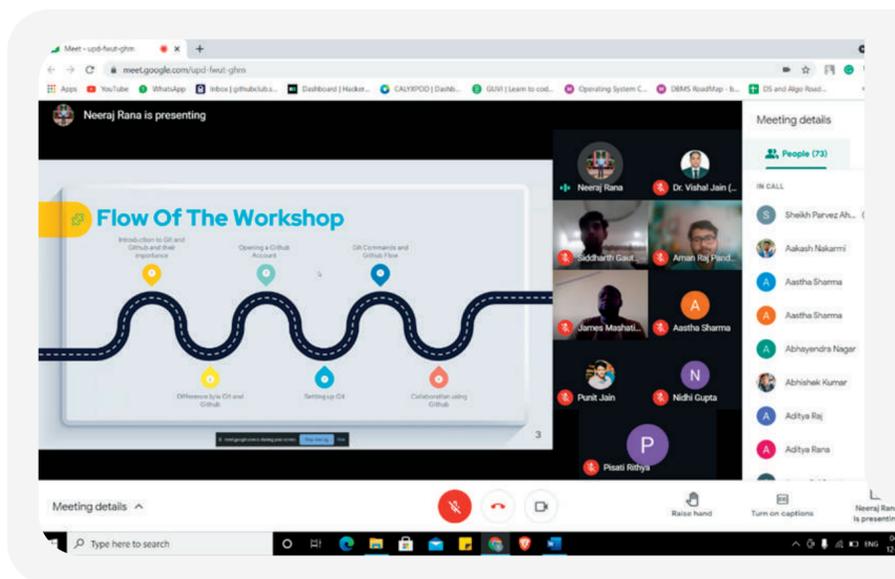

# INTRODUCTION TO GIT & GITHUB

April 12th, 2021

An interactive and very much productive session organized by GitHub Club, in which students were introduced to the GitHub community along with teaching stuffs related to Git and GitHub tools, their importance and use cases.

# GOOGLE CLOUD READY FACILITATION PROGRAM

April 25th, 2022

The Google Developer Student Clubs - Sharda University along with Technova - Sharda University, successfully conducted an offline session for the students of CSE DEPARTMENT SHARDA UNIVERSITY, School of Engineering and Technology, Sharda University. The session gathered a crowd of more than 250 students. During the session, the students were introduced about the program details and the importance of #googlecloud.

**SHARDA UNIVERSITY**

# UNITY GAME DEVELOPMENT WORKSHOP

April 23rd, 2021

The “**Unity Game Development Workshop**” event was organized by members of the Game Drifter’s Club to bring light onto the aspect of game development for the students and gave a brief introduction on how to develop games.

# TECHNOVA FELICITATION & FORMATION CEREMONY 2022

**March 23rd, 2022**

The prime motive of the event was celebrating and rewarding the former society members, faculty coordinators and student coordinators of the session 2021-2022, and to formally introduce the newly elected committee to the department. The event also comprised of the official launch of Technova Website, developed by students of CSE.

March 23rd, 2022

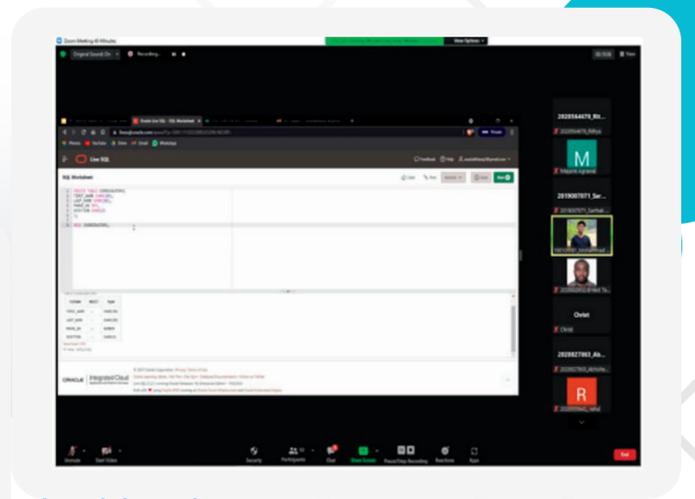

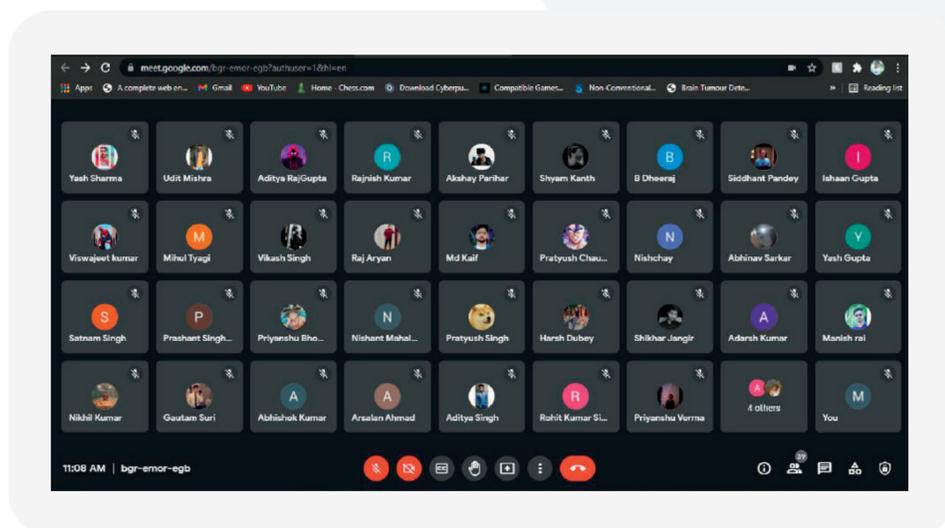

HANDS-ON  
SESSION FOR

September 11, 2021

**“Hands-On Session for MySQL”**, an event, that was organized by Data-Pool Club. The students were given an hands-on practice with MySQL by providing them with numerous examples. After the practice, a quiz was conducted on MySQL commands to provide students with a memorable experience and knowledge.

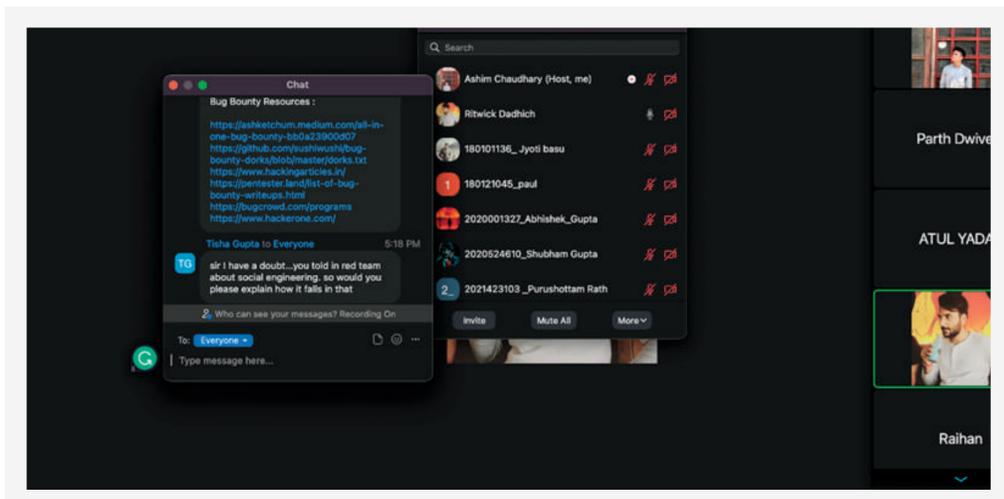

# ROADMAP TO CAREER IN CYBER SECURITY

January 29, 2022

An incredible event, **“Roadmap to Career in Cyber Security”**, was organized by Cyber Security Club to provide students with a proper roadmap to the cyber security world and brief the real ground importance of cyber security.

# CODING COMPETITION

**August 25, 2021**

Department of computer science and engineering (TECHNOVA), SET, SU has organized **coding competitions** for young coders and developers to improve their analytical and problem-solving skills. By entering coding competitions, students got to know that real-world experience of coding to solve a problem. the winners got the opportunity to work with industry (RNR consultancy) on live projects as an internship. Students were able to grab Internship and placement offers from RNR consultancy.

# BGMI TOURNAMENT

19th September, 2021

The "**BGMI Tournament**" was organized by Game Drifters Club to increase the engagement of students towards future events of Technova and Game Drifters. The event gave students an opportunity to become a participant in a healthy gaming culture.
